

# Public Safety Drone Package

Real-time **Drone Surveillance** from anywhere.

## VECTOR AERIAL®

### First responder aerial surveillance + training

Drones have become a critical tool for First Responders across the country. Drones allow teams new and additional capabilities for search and rescue, surveillance, crash reconstruction, 3D mapping, scene overwatch, tethered operations and numerous additional mission sets. In today's environment, there are many times that a drone can effectively accomplish missions for First Responders in a manner that is safer and more cost-effective than a helicopter.

### All the training you need to get up and running

Our team of drone pilots have decades of flight experience. Our members have military, law enforcement and fire rescue backgrounds to ensure we're providing the most comprehensive drone & tactical training available in the industry today. From FAA Part 107 test prep to tactical indoor-flight training, our instructors can help build your UAS program from the ground up.

### Specifications:

- DJI Matrice 210
- 2x TB55 Batteries
- 8x TB50 Batteries
- 2x DJI Cendence Controllers
- DJI CrystalSky 7.85" LCD monitor
- DJI CrystalSky 5.5" LCD monitor
- 4x WB37 Batteries
- Controller & Monitor
- • DJI Zenmuse XT2 (FLIR Camera, 640x512 30hz 13mm Radiometric with visual image overlay)
- • DJI Zenmuse X5S (HD) Camera
- • DJI Zenmuse Z30 (Zoom) Camera
- • GPC DJI M210 Series Hard Case
- • DJI Battery Charging Station
- • Strobe Light System for Night Operations
- • 2x DJI Phantom IV Pro V2 Drones w/3 Batteries
- (Initial & Proficiency Training Aircraft)
- • On-site UAS Training Program
